

Everything You Need to Know About CME for MOCA Minute®

Beginning in January 2021, we’re offering ABA diplomates the opportunity to earn Continued Medical Education (CME) credits for answering MOCA Minute questions.

How do I get started?

To begin earning CME credits for answering MOCA Minute questions, simply opt-in during your annual MOCA registration. We recommend registering before the end of the first quarter to maximize the number of credits you may earn in 2021.

How do I earn credits? How many credits can I earn in a year?

MOCA Minute questions are designed to be answered over time (e.g. 30 per quarter). Thus, after opting in, you will earn CME credits for answering 30 MOCA Minute questions in the quarter they were intended, for a total of 120 questions per year. You will still get CME credit if you do not answer questions correctly.

You may earn up to 10 CME credits in a year, or 2.5 for each quarter you answer 30-questions. (See the chart below.)

Q1 – MOCA Minute Questions Answered	Q2– MOCA Minute Questions Answered	Q3– MOCA Minute Questions Answered	Q4– MOCA Minute Questions Answered	CME Credits Earned
30	30	30	30	10
0	60	30	30	7.5
0	0	90	30	5
0	0	0	120	2.5

What happens if I answer all 120 MOCA Minute questions in the last quarter of the year?

We recommend answering MOCA Minute questions over time, rather than all at once, to promote continuous learning and knowledge retention. (You’ll also earn more CME credits if you answer MOCA Minute questions on a quarterly basis.) If you answered all 120 MOCA Minute questions in the final quarter of the year, you would earn 2.5 CME credits.

Is the ABA providing CME credit?

No, the ABA is not a CME provider and will not financially benefit from your participation in this opportunity. This CME activity is provided by the American Society of Anesthesiologists (ASA). As a result, credits earned will be automatically credited to your portal account. If you have questions

related to CME credits earned by answering MOCA Minute questions, please email educationcenter@asahq.org.

How much does it cost to participate?

Participation in this opportunity is free to ASA members. Non-ASA members will pay a \$160 flat fee to ASA, if they wish to participate. This does not include the annual \$210 MOCA program fee.

Is my annual MOCA program fee waived if I participate?

No, ABA diplomates will still pay the \$210 annual MOCA program fee, regardless of their decision to participate in CME for MOCA Minute. The \$160 cost for non-ASA members is paid to ASA as a CME fee.

Do I have to participate?

No, all ABA diplomates are invited to take advantage of this opportunity to earn CME for answering MOCA Minute questions, but participation is voluntary.

What if I've already registered for MOCA? Can I start earning CME credit mid-year?

Unfortunately, no. You'll have to wait until next year to participate in CME for MOCA Minute.
