

ARE YOU ELIGIBLE

FOR THE NEUROCRITICAL CARE EXAM?

If you meet one of the pathways below, you may register for the Neurocritical Care (NCC) Exam in your ABA portal account.

- I am certified in neurocritical care by the UCNS or CAST
- I have completed a UCNS, CAST or other non-accredited neurocritical care fellowship
- I have documented **one** of the following (based on 40-hour week):
 - Average of at least 17% of my post-training clinical practice time spent practicing neurocritical care (at least 7 hours/week) for the past 6 years*
 - Average of at least 25% of my post-training clinical practice time spent practicing neurocritical care (at least 10 hours/week) for the past 4 years*
 - Average of at least 33% of my post-training clinical practice time spent practicing neurocritical care (at least 13 hours/week) for the past 3 years*
 - Average of at least 50% of my post-training clinical practice time spent practicing neurocritical care (at least 20 hours/week) for the past 2 years*
 - I am an academic program director, administrator or researcher:
Average of at least 25% of my total post-training professional time spent in the practice of neurocritical care (at least 10 hours/week) for the past 4 years
